ERGOFIT SLINGS

With the specially designed BHM Medical slings, your patients should never have to sit on their sling again. All slings are designed to be installed and removed quickly without lifting the patient.

HAMMOCK SLING

For most transfers. Head-rest incorporated. Suitable for 80% of all patients. Excellent for bathing.

QUICK-FIT SLING

For general transfers. Perfectly suited for stocky or obese patients with strong hips or large thighs.

HYGIENIC SLING

Ideal for transferring to the toilet. It also permits an easy way to change diapers.
